St. Paul, Minn., June 3.–Justice Lewis of the Supremé court has filed a decision which will result in several Sterns county settiers losing their homes, the title to which was contested by Russell. Sage us assignee in trust of the Hastings & Dakota Railway Company. Under the act of congress of June 4th, 1953; the Hastings & Dakota Railway Company completed its road within the time as extended by the Minnesota legis-lature. When the road was completed there was found to be a deficit in the primary grants limits of about \$00,000 neres. Only 70,000 acres were available in the indemnity limits to make up the ioss, and in consequence all the lands in the indemnity limits were selected. Af-ter the completion of the road and land selection, the road's franchise was for-reited by a judgment, and later its pro-perty was transferred to Russell Sage for the benefit of the stockholders. Judge Lewis holds that the settlers who cu-tered upon the lands after they had been withdrawn from settlement are not in a position to attack Sage's title to lands Windsor, Eng., June 1.-Twent-two lelegates of the New York Chamber of Jommerce were guests of King Ed-rard at Windsor to-day. 4The visit was arranged by the London Unamber of Compression the president of

The Associated Press was officially informed by Lord Peiham-Clinton the master of the house-hold, that the King regarded the pres-ence in England of such a representa-tive body of United States business men as highly significant of the close and friendly relations existing between the two countries, and in fortherance of that feeling he was delighted to welcome them to his castle, and make their ac-quaintance.
